

## **Robinson R22 Quiz series**

*Date published: 6 January, 2018*

---

Time to refresh our memory in this series of quiz for the Robinson R22 helicopter.

The quiz consist of 10 questions and you are given 10' to complete. Questions and answers are always mixed up and randomly selected from a database consisting of more than 300 questions.

Of course you can make the test as many times as you want. Instructors may find it useful for their students to prepare for PPL license.

Login or personal details are not required but if you desire to download a Certificate of Accomplishment if you pass, do not forget to fill your name (the way you want it written on the Certificate), at the end of the quiz.

- [Emergency Procedures](#)
- [Limitations](#)
- [Load, Balance and Servicing](#)
- [Structure, transmissions, rotor, equipment and systems operation](#)
- [Performance, Flight Planning and Monitoring](#)
